120MPH SKYDIVE!

Man drops into Vegas!

Bonkers 120mph backwards leap in to Sin City!

WORDS: RORY BUCKERIDGE PHOTO:
LUKE AIKINS/RED BULL CONTENT POOL

The difference between a terrified, rictus grin (us/ anyone with a reasonable sense of their own mortality) and this grin of pure, unadulterated joy is most likely experience. And a missing self-preservation gene. But freeflyer Mike Swanson of the Red Bull Air Force (yup, they have an air force) finds time for a cheeky grin to the camera as he hurtles

at 120mph towards Las Vegas' Motor Speedway and the loud adoration of 140,000 fans awaiting that day's Nascar race. And probably a couple of boos from ambulance-chasers there hoping for a mishap. The sick, sick puppies.

Supercar fireball!

Aussie driver's miraculous escape from fiery inferno!

"See? Aussies really do love a good BBQ"

PHOTOS: ACTION IMAGES, GETTY IMAGES

"I could feel my face burning," was the... well, utterly expected quote from V8

Supercar driver Karl Reindler after this incredible crash in a race in Perth, Australia.

Karl's motor had stalled on the grid and, when back-ended by

an unsighted car (at a force of 37G), the fuel tank caught light. This was the result.

"There was heat all around me and I was breathing in the fumes. I could feel my throat burning," Reindler told *Nuts*.

"The seat had melted to my suit, the suit itself had melted

to the seatbelt. I eventually got out but it seemed like such a long time," he continued, before heading off to the nearest hospital for treatment on his second-degree burns.

Which, in anyone's book, has to be preferable to treatment for being dead.

Lord Alan Sugar!

The Sugar Daddy on chairs, Baggs The Brand and the new series of *The Apprentice*!

Hi Lord Alan! We hear there've been some big changes for this series of *The Apprentice*.

Er, what's new? The major difference is that the candidates are no longer competing for a job. They're now competing to go into partnership with me. It'll be their choice of business, and I'll put £250,000 of my own money into it.

That's a lot of dough! So, will the tasks be more high-end this time? No. I'm not interested in highbrow economics and all that b*lllocks. Friends of mine say, "Why can't you stick them in a trading floor in a bank, trading stocks and shares to see who's clever?" But you'd be bored silly, wouldn't you, looking at them sitting in front of a screen? The tasks in this

series are all examples of how anyone can actually start a business from scratch.

What if they want to use the £250k prize to open a chain of sex shops or something?

Well, when the BBC chose the candidates from the 20,000-odd who applied, they'll have taken into account which business ideas I would accept and which I wouldn't. So their ideas will have to be something viable, not something stupid!

Is this a good time for new businesses, what with the credit crunch and all that?

Absolutely. Young people should stop moaning about bankers and money, and go out there and make their own opportunities.

I started my business with £100 in 1967. With rampant inflation, I think a quarter of a million pounds is about equivalent!

Last series gave us Stuart "The Brand" Baggs. Was he the worst candidate of all time? I'm not

going to sit here and pick and choose who I liked and who I didn't like. I think I choose the right people. Every winner so far has gone on to start their own business. I think that says it all, really.

You can't blame the candidates for furthering their TV careers once you've fired them, can you?

In the seven years I've been doing *The Apprentice*, I've met candidates who've sworn on a stack of bibles they can't bear being on camera and doing photo shoots. But they're talking a load of b*lllocks because as soon as the show's finished and, I don't know, Channel 795 calls them up and says, "Do you want to be on TV?" they're there like a shot! The first thing I'm going to do when I retire is to expose them all!

How about your "celebrity chum" Piers Morgan? Are you going to miss him now he's left *Britain's Got Talent* for the USA? I'm devastated. Ha!

You've done *Junior Apprentice*. How about *OAP Apprentice*?

Well, there's no age limit as to who can come along. We've had candidates in their 40s and above. We only have the age restrictions for

Junior Apprentice, which I loved. We're doing another series of that later in the year.

So, do you think you'll keep on doing *The Apprentice* forever?

That's something my wife keeps asking me. I don't want to get bored. The changes have driven some enthusiasm back into the programme for me. We've changed it, but not in a gimmicky way. We're not going to suddenly introduce dancing or standing around in Essex for example.

INTERVIEW: RICH PELLEY PHOTOS: CAMERA PRESS

FIRING SQUAD!

"Every winner so far has started their own business"

Thanks, Lord Alan! Why aren't there enough chairs in the boardroom? Do you think that was a very useful last question to ask? You think that's the burning question? [Gets up to leave]
Well, if you were any sort of gentleman you'd offer your seat to one of the ladies. Or at least have one sitting on your lap! [Lord Sugar tuts and leaves]

The Apprentice returns to BBC1 from Tuesday, 9pm

How long till he notices we've nicked his table, do you think?

Who's who!

Our favourite candidates after seeing episode one!

MOST LIKELY TO BLUB!

Melody Hossaini, 26, Midlands

Pretty and composed, but is she going to take everything to heart?

MOST LIKELY TO PULL!

Vincent Disneur, 29, Canterbury

Alex Brites Cabral, 28, London

We've only seen this bright one but we bet he's got a cupboard full of them!

BEST LEGS!

Natasha Scribbins, 31, London

OK, she's no Elizabeth Locke from series six but all the same, she's got decent pins.

Jim Eastwood, 32, N Ireland

Calm and collected, can he take it to the very end? That'd make his day!

Osama bin Laden spam!

Internet funnies at that terrorist chap's expense!

You'd have to have been perversely media-averse to miss the fact that a US Navy Seal team stormed a Pakistani compound last week. Their successfully accomplished mission? To deliver America's own brand of justice to the awesome-at-hiding al-Qaeda leader.

Within moments, the internet started to fill with gags based on this momentous event. Here's our pick of the funniest, silliest and just plain wacky!

Hippo vs croc!

Lunchtime in Africa can be pretty tasty!

Next time you nip to the water cooler for a glug of water, be thankful you don't work at the Liwonde National Park in Malawi. If you did, your thirst-quenching might be cut short by a huge crocodile lunging for your danglies, like what happened to this hippo!

The scaly intruder burst out of the shallows when the hippo and her calf went for a dip in the park's river, and looked like he was all set to make off with a meal to keep him filled for days. Luckily for all concerned (except the hungry croc), the hippo used all her powers to send the ravenous reptile on his way, no doubt to the nearest Nando's where they helpfully kill the food for you before dishing it up.

Yes, we really do live in a world where primates corral goats! Huzzah!

Sometimes, our stories pretty much write themselves.

Witness this plucky troupe of capuchin monkeys rounding up sheep from the back of border collies. Sporting a natty line in shiny jerkins and chaps, the banana-scoffing cowboys have been corralling wild goats for years at master Tommy Lucia's Florida rodeo.

Tommy rescued his original hairy gaucho, Whiplash, from a Florida animal collector and, when he showed an aptitude for horseplay, began training him in goat wrangling. The full rodeo soon followed. Great for the audience, not so much for the dogs, who think their boss is a right monkey.

557BHP V12!

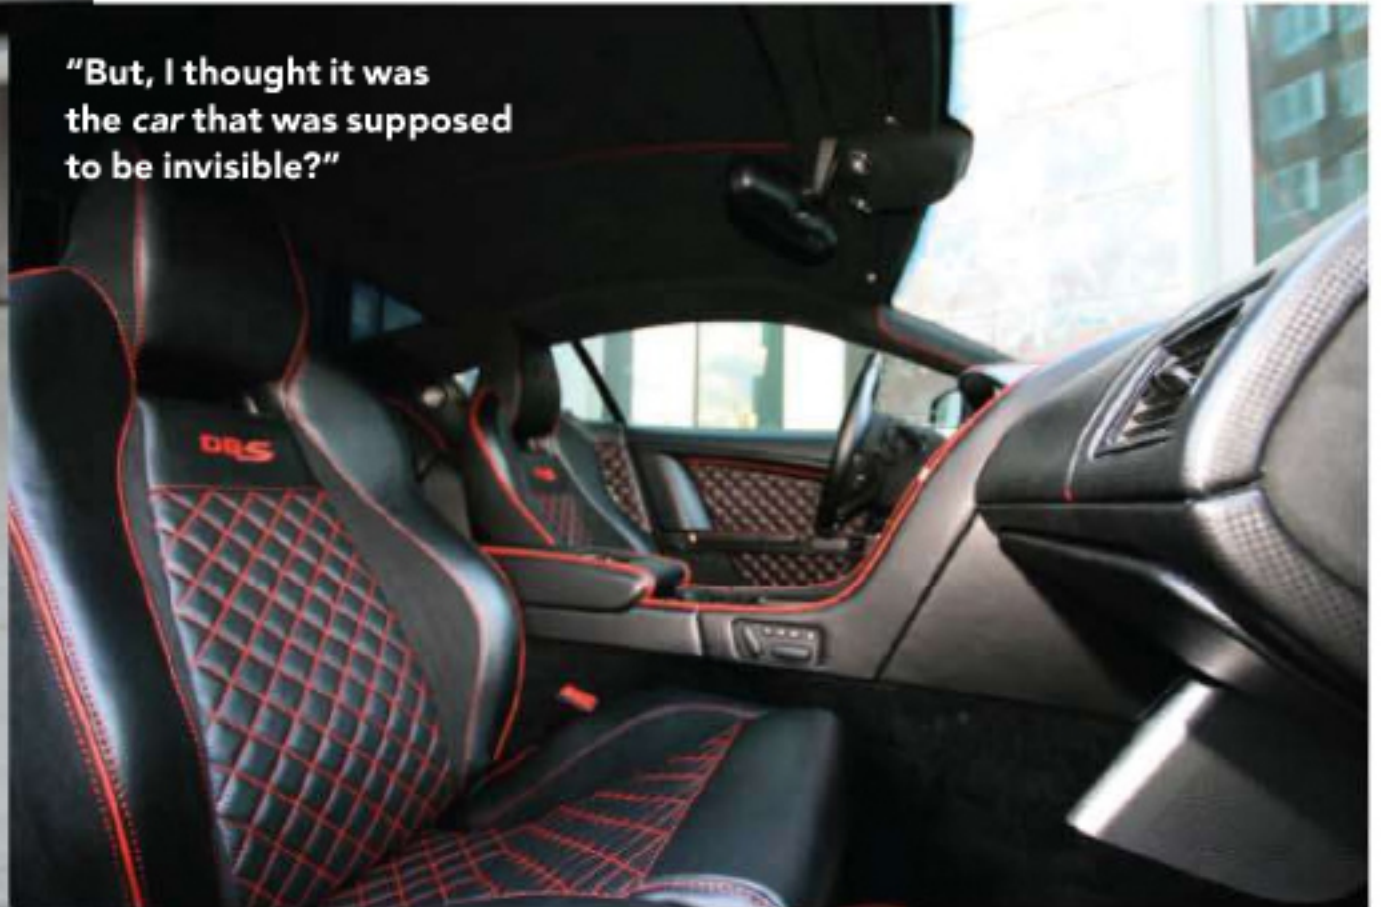

The stealth Aston DBS!

If Batman ever bought an Aston, he'd order his in Germany!

- It's not often you'll hear us say this, but sometimes it's better to buy an iconic British car that's been fiddled with by a German.
- Düsseldorf-based tuner Anderson has put a mighty V12 Aston Martin DBS under its microscope to make it look and act a whole lot angrier.
- Anderson first strip down a £176k DBS and completely repaint the aluminium body shell in matte black. Taking a Ronseal approach, it's called the "Superior Black Edition".
- They also paint the window frames, to remove all traces of chrome and tint the glass for added gnarly, Gotham City effect. Even the classic grille gets the matte treatment.
- Anderson then fits carbon fibre wing mirrors and details the front and rear Aston "wings" badges in blood red.
- The original 20in wheels never return to the arches. Instead, Anderson bolt in their own five bespoke 21-inchers (black, of course), wearing the same 295-sized rear tyres, but wider 245 fronts, with six-pot callipers dipped in red paint.
- The cockpit follows the dark theme with black carbon, leather, Alcantara and unique red-diamond stitching.
- Power from the iconic 6.0-litre V12 gets hiked from 510 to 557bhp thanks to a simple engine control unit remap. The same engine in the heavier DBR9 and DBRS easily growled past 600bhp, so there's scope to wring out even more horses, with the weight dropping 21kg, from 1,695kg to 1,674kg.
- The Anderson edition sounds tougher too, as catalyst replacement pipes and special exhaust manifolds have been fitted. The (black-painted) system is lighter, but features an electronic vent damper – which basically means there's a "loud" button you can press to show off.
- No performance numbers have been released, but the standard DBS does 191mph and takes 4.3 seconds to reach 62mph with less grunt and more flab. Anderson has made it a big, black 200mph British Bulldog that we bet'll hit 62mph in 4 seconds dead.
- If your wallet's swinging open in anticipation, make sure you've got £226,000 inside, as that's the ball park you'll be playing in.

"But, I thought it was the car that was supposed to be invisible?"

"What, no cassette deck?"

GO IN, GUNS BLAZING!

"Adam can really become a tank if you want. At the beginning, if you run in head-first with your weapons, the game's going to be quite hard but if you invest in the dermal plating, recoil compensation, aiming and all the combat augmentations, he really starts evolving into a tank!"

Deus Ex: Human Revolution **first look!**

"No smoking?
Says you and
whose army?"

SMOKING AND BOOZING!

"We wanted to give it that cyberpunk and film-noir feel with the whisky and the cigarettes. There's actually not that much smoking in the game and, anyway, I think people would be augmented with special lungs so they don't get sick!"

ROBO-LIMBS!

AUGMENTATIONS!

"Blades as arms have been done before, but the thing that's cool about Adam's blades is the way they retract and protract back into his forearms. They're also square, not pointy like normal swords. And they can come out backwards from his elbows, which is his signature move."

"That was a short back and sides you wanted, wasn't it, gentlemen?"

Nuts gets a sneaky peek at the stealthy, conspiracy-theory shooter

WORDS: DAN CURELY

First available on creaky, turn-of-the-century PCs, *Deus Ex* – the moody, thinking-man's shooting game – is back for a third outing. Set in 2027, this prequel boasts a deep storyline, multiple-path-through-missions approach and a cool hero – mechanically augmented chap Adam Jensen.

Jensen gets into some bother and ends up losing both arms and other important boldly bits. Luckily, the doctors who fix him up include several fun extras like bolted-on sunglasses, samurai sword blades in his elbows and (surprise!) regenerating health.

Suitably kitted out, Jensen investigates the conspiracy,

mostly via automatic weapons and samurai swords in the face!

Nuts talked to the game's art director Jonathan Jacques-Belletete. *Deus Ex: Human Revolution* hits PCs, PS3s and Xbox 360s on 26 August

No, this isn't a tenacious strip-o-gram getting to his next performance – this naughty and very naked man is actually legging it from a brothel.

In China, they take a very dim view of prostitutes and the people who use them and so this gent in Changchun, Jilin

Province, decided that rather than have a nice conversation with an interested police officer, he'd shin down a large pipe to freedom and leave all his clobber behind.

GOES NUTS!

'Bin Laden's been w*nking off over Pippa Middleton!'

Alright there, f**kers! Yes, this week I'm only going to be talking about Osama bin Laden. It seems a bit weird to be talking about some bloke in Kansas who makes shoes out of toilet paper or sh*t like that when the most wanted man in the world has just been killed, so this week it's my smiley, happy Osama bin Laden death special!

Spoilt brat!

That's right, Osama bin Laden, the 17th child of 54, is finally dead. Now we know why he was so tetchy – being the 17th child out of 54, he probably suffered from middle child syndrome. Well, he's dead now, and it's only taken ten years and thousands of lives to get him. He wasn't hiding in a cave, he was 120 miles away in a little town in Pakistan, in

And she's the ugly sister? Blimey!

a townhouse, w*nking off over pictures of Pippa Middleton.

Obama did some Jack Bauer sh*t on his ass and that was that. Now, I'm a bit of a sceptic about this stuff. I always want to know things like: why did they get rid of the body so fast? Why did they bury him at sea? The only way we'll ever get to see him now is if there's a tsunami in the Arabian Sea. Let's hope he doesn't wash up in Israel – they'll think he's the Second Coming. And let's hope even more that he doesn't wash up in Japan, as he may come back as a super-villain thanks to all that nuclear waste.

Al-Qaeda's got talent!

I keep hearing about the chance of al-Qaeda attacks but I don't think they'll happen. I think they're just going to be sitting around playing lots of games of Jenga. Let's face it, al-Qaeda

"Can anyone else hear helicopters?"

"Let's hope he doesn't wash up in Israel or they might think he's the Second Coming!"

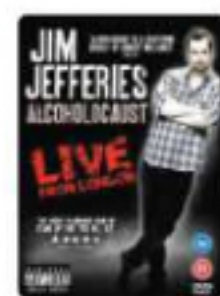

without Bin Laden is like Nirvana without Kurt Cobain. The search for a new leader would make a great reality show, though!

Beardy weirdy!

My big fear is that Bin Laden is going to ruin the beard in the way that Hitler killed the 'tache. It'll make Zack Galifianakis into this generation's Charlie Chaplin. So let's get the

troops out of Afghanistan now – what else is there for us to prove? We've killed everybody. Bin Laden's dead, Saddam Hussein's dead, there's nobody left for us to hate, which is actually pretty f**kin' depressing. This must be how Batman felt when the Joker died. Still, look on the bright side – Osama's ten wives are now back on the market! That's a Nuts photo shoot waiting to happen, right?

Arm aggrieved in major motorbike mishap!

Motorbikes are marvellous – if lady luck's smiling on you. But all it takes is one little thing to go wrong and you could easily end up like Lee Laugharne, an electrician from Pembrokeshire.

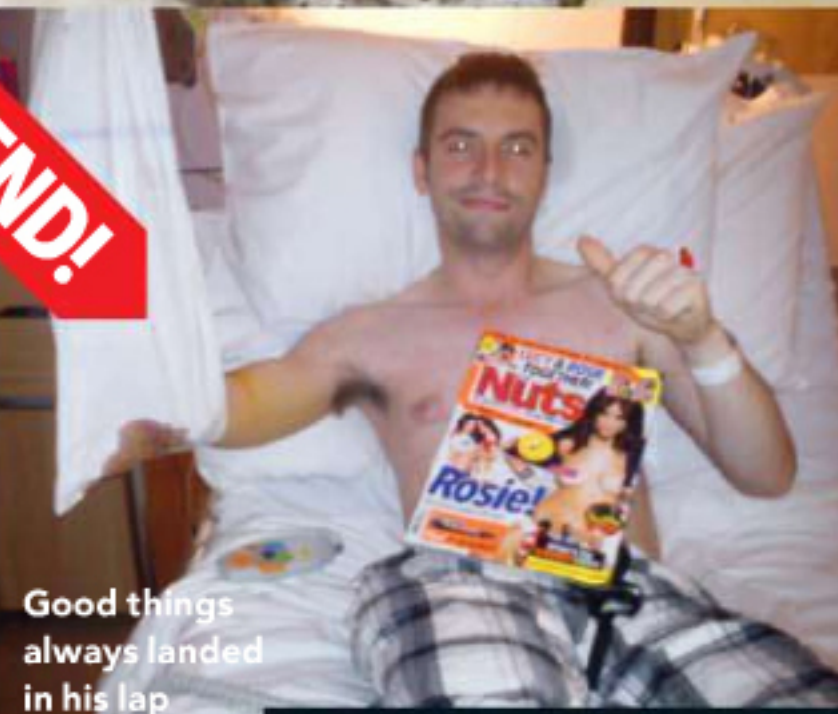

Lee, 24, tells *Nuts*, "I was overtaken by two cars. One

pulled in and I bounced off the side of it. I went flying – I can only remember standing up and falling straight back down to the tarmac. I couldn't feel my arm at the time – it was my leg that was hurting more.

"I woke up in hospital to find my arm hanging off! I was in for two weeks and had five

operations. They placed a metal plate in my forearm but there was a compression build-up. The surgeons then had to cut open the other side to release the pressure. Very painful!

"My right hand will never be the same. On the bright side, I'm off work for six months, so I'll be catching up on DVDs!"

Following the success of *The Expendables*, a film director asks Sylvester Stallone and Arnold Schwarzenegger to work together on his new film about classical composers. Not knowing what parts to allocate them, he asks Stallone who he'd like to be.

A woman goes into a bar in Texas and sees a cowboy with the biggest feet she's ever seen propped up on a table. The woman asks him if it's true what they say about men with big feet. The cowboy grins and says, "Sure is, little lady! Why don't you come to the bunk house and let me prove it to you!"

The woman spends the night with him and the next morning hands him a \$100 bill. Blushing, he says, "Well, thank ya, ma'am. I'm real flattered. Ain't nobody ever paid for my services before."

The woman replies, "Don't be flattered. Just take the money and buy some boots that fit."

Gunning for it

A bloke goes to hospital to visit his mother-in-law who has a wounded leg.

The doctor asks him, "Can you describe what happened, please?"

The bloke replies, "She got shot."

The doctor says, "You'll have to be a bit more accurate than that."

"I know," says the bloke, "But the problem is I'm just not all that experienced with guns."

Mud for it

A man goes to the doctor's for a physical. Afterwards, the doctor tells him that he only has six weeks to live.

Bill replies, "Isn't there anything I can do?"

After a moment the doctor says, "Well, you might start going to that new health spa for a mud bath every day."

Excitedly Bill asks, "And that will cure me?"

"No, but it'll get you used to the dirt."

INTERVIEW: RICHARD JENKINS PHOTOS: ZOE MCCONNELL
HAIR & MAKE-UP: JOHANNA DALEMO STYLING: SPECIAL K

Hi Courtnie! How does it feel to have finally appeared in *Nuts*?

I'm so excited, I'm really, really happy! I only found out the other day so I'm totally over the moon!

How did you enjoy the shoot?

Brilliant! I was so nervous but everything's been great and I'm really happy with the shots!

Is this your first photo shoot for a magazine? Yes, this is my

starting point and it's good to be in *Nuts* because it's such a big step! I just hope people like me!

Who are your modelling inspirations? Rosie Jones, Lucy Pinder and Stacey Massey, who is also from Plymouth – you've got to support your local models!

How can men make themselves more attractive? I normally go for guys who make me laugh. It's not a case of making themselves look more physically attractive,

it's more about having a bubbly sense of humour.

What are your best assets? I'm quite a positive person. I always look on the bright side of things! **Where do you hope your career goes from here?** I just want to carry on modelling. This is just the start for me. I'd be so happy if it continues for a while!

If you could do a sexy photo shoot with any model, who'd it be? Holly Peers! She's got great

boobs – I want them! I'd love to do a shoot with her on a sunny beach under the palm trees!

THE GANGS OF THE PHILIPPINES!

As the politician took this family snap, he was gunned down by the gang member in the background

Travel heaven or gang-filled hell? *Nuts* investigates...

Early morning, New Year's Day 2011 in Manila, the Philippines. Reynaldo Dagsa, a middle-aged councillor for the Barangay district, is out celebrating with his family. He steps back to take a snap... and is shot dead. The chilling photograph, the last thing Dagsa saw, shows his smiling family – and his assassin behind them, taking aim with a .45 pistol. As he clicked the shutter, Dagsa was literally staring down the barrel of

the gun that killed him. Dagsa was an outspoken critic of Filipino gang culture, and had been investigating the Pasaway Gang, a small but notorious group of robbers rumoured to be affiliated to Manila's larger gang scene.

GANG CULTURE

The 2007 census put Manila's population at around 1.6 million. But the real population of Metro-Manila, a massive compound-city that has swallowed up several surrounding cities into a vast urban sprawl, could be more than 20 times that.

Getting accurate numbers is impossible because of the huge, impenetrable slums that are the breeding ground for Manila's gangs. At the last

count by the Presidential Anti-Organised Crime Commission, there were more than 233 criminal gangs – ranging from small, local operations like the Pasaway Gang to massive, multinational Mafias.

Tattooed tourists need to take care in the city. Body art is a visual signal of gang affiliation and criminal history. A spider web denotes time spent in prison, while a web on the left elbow means the wearer carries a deadly weapon. A skull with a knife through it signifies a murder. Cigarette burns are signs of machismo – they mean: "I'm hard and I'm not afraid of pain," and ultimately, "I'll die for this gang."

The main hub of gang activity is in Tondo, Manila,

one of the most densely-populated areas in the world, with more than 70,000 people per square kilometre. Here, a simple question-mark tattoo can very quickly get you in trouble because it marks you out as a member of the Bahala Na gang.

Bahala Na, whose name means "Come what may", is one of Manila's oldest gangs. Founded in the urban prisons where troublemakers were interned during the Japanese occupation of the '40s, the gang still recruits from prison inmates. Today, Bahala Na has an estimated half-million members.

Police say that the Pasaway Gang – and the larger gang they're affiliated to – were using Dagsa's death to send a message to any politicians

still brave enough to stand up to them. The message? "We rule this town."

Even bigger than Bahala Na are Sigue Sigue Sputnik. They have more than 700,000 members, and politicians and vast swathes of the police force are in their pay. They also have a paramilitary youth wing, the Sigue Sigue Commandos.

BLOODS & CRIPS

There's a clause in Filipino law, Republic Act 9344, that makes it all but impossible to

There are more than 233 criminal gangs in Manila"

prosecute minors. The gangs take advantage of this, training children to pick pockets, break into houses, and deal drugs. When the kids grow up – if they live that long – they go on to become the gang's foot soldiers.

"If it's illegal," an inside source tells *Nuts*, "the gangs can make money from it. Sex and drugs are obvious, but all crime can pay.

"The gangs also work for the police and politicians. The police and politicians need dirty work done and the gangs are for hire."

Big gangs like Sputnik and Bahala Na are international. Mass Filipino emigration has seen both open chapters in South America, the United States and across Asia. They have been reported in Europe

as well. Foreign gangs have a serious presence in Manila, too. In the wake of the Crip-Blood wars in California in the '80s, the US government deported many gang members to the Philippines. True Brown Style 13 is an all-female gang originally based in San Diego, California, but deported Filipinos brought the name to Manila. As the gang grew, they accepted male members.

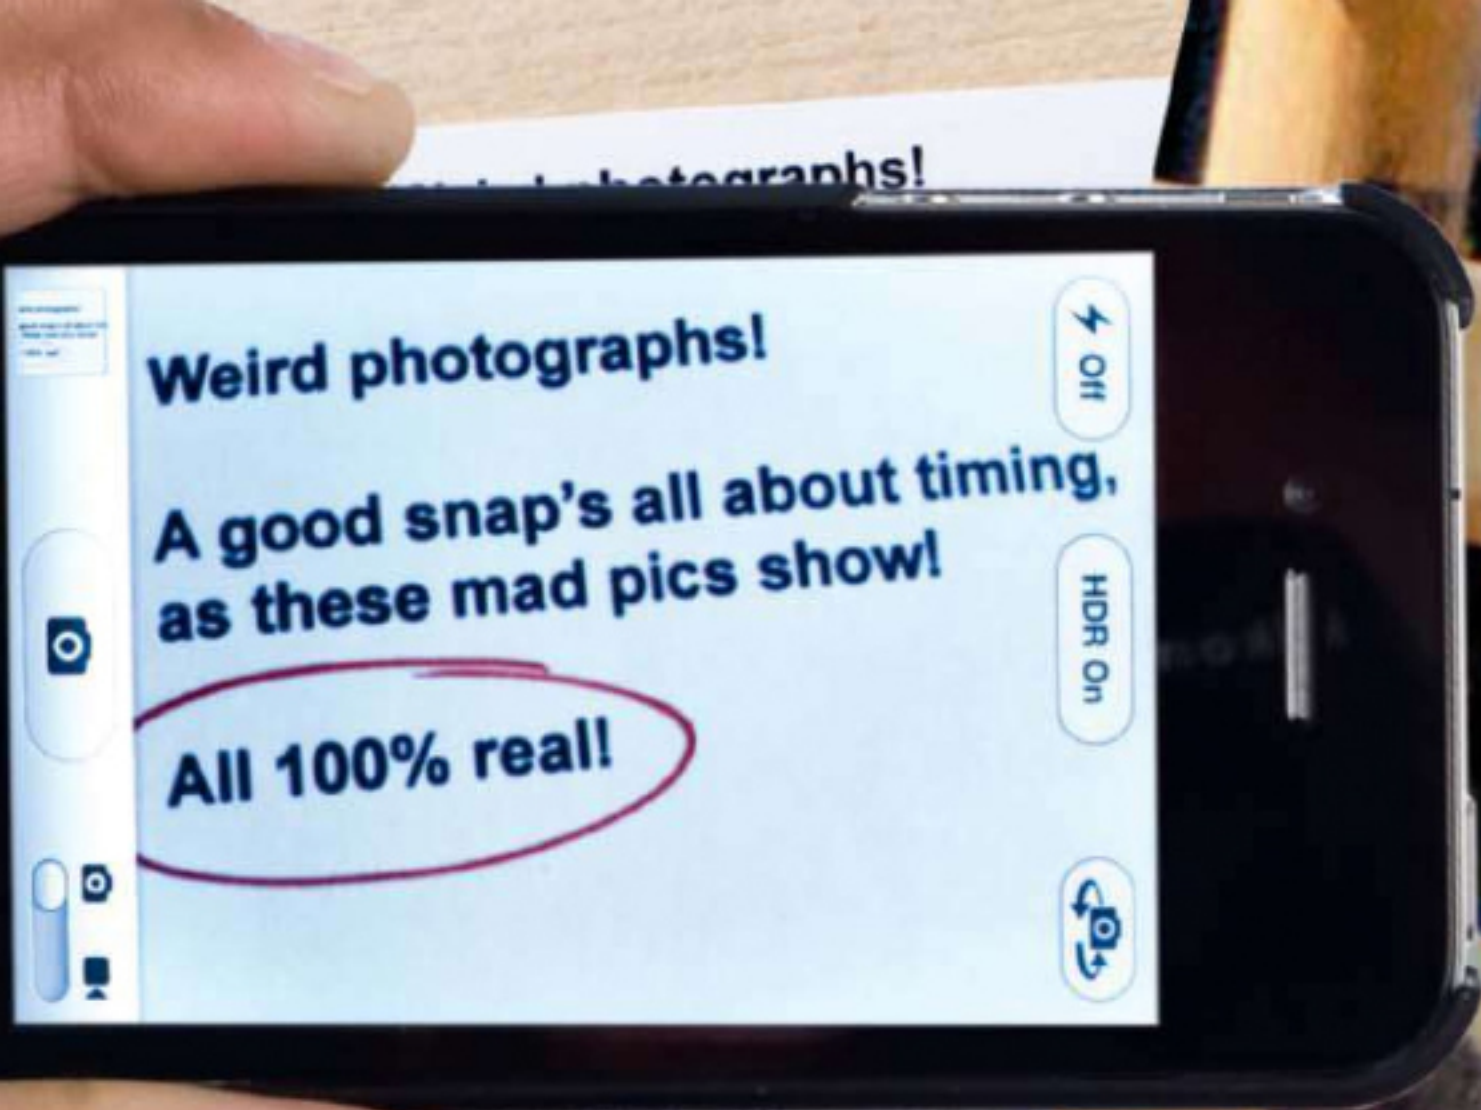

Now, True Brown Style 13, the Bloods, and the Crips all run large-scale operations in Manila, using the Philippines as a staging-post for drug trafficking to Thailand, China and Malaysia. The Philippines is an attractive base because the police and politicians are so open to bribes. Corruption is

a central part of Filipino politics and public life.

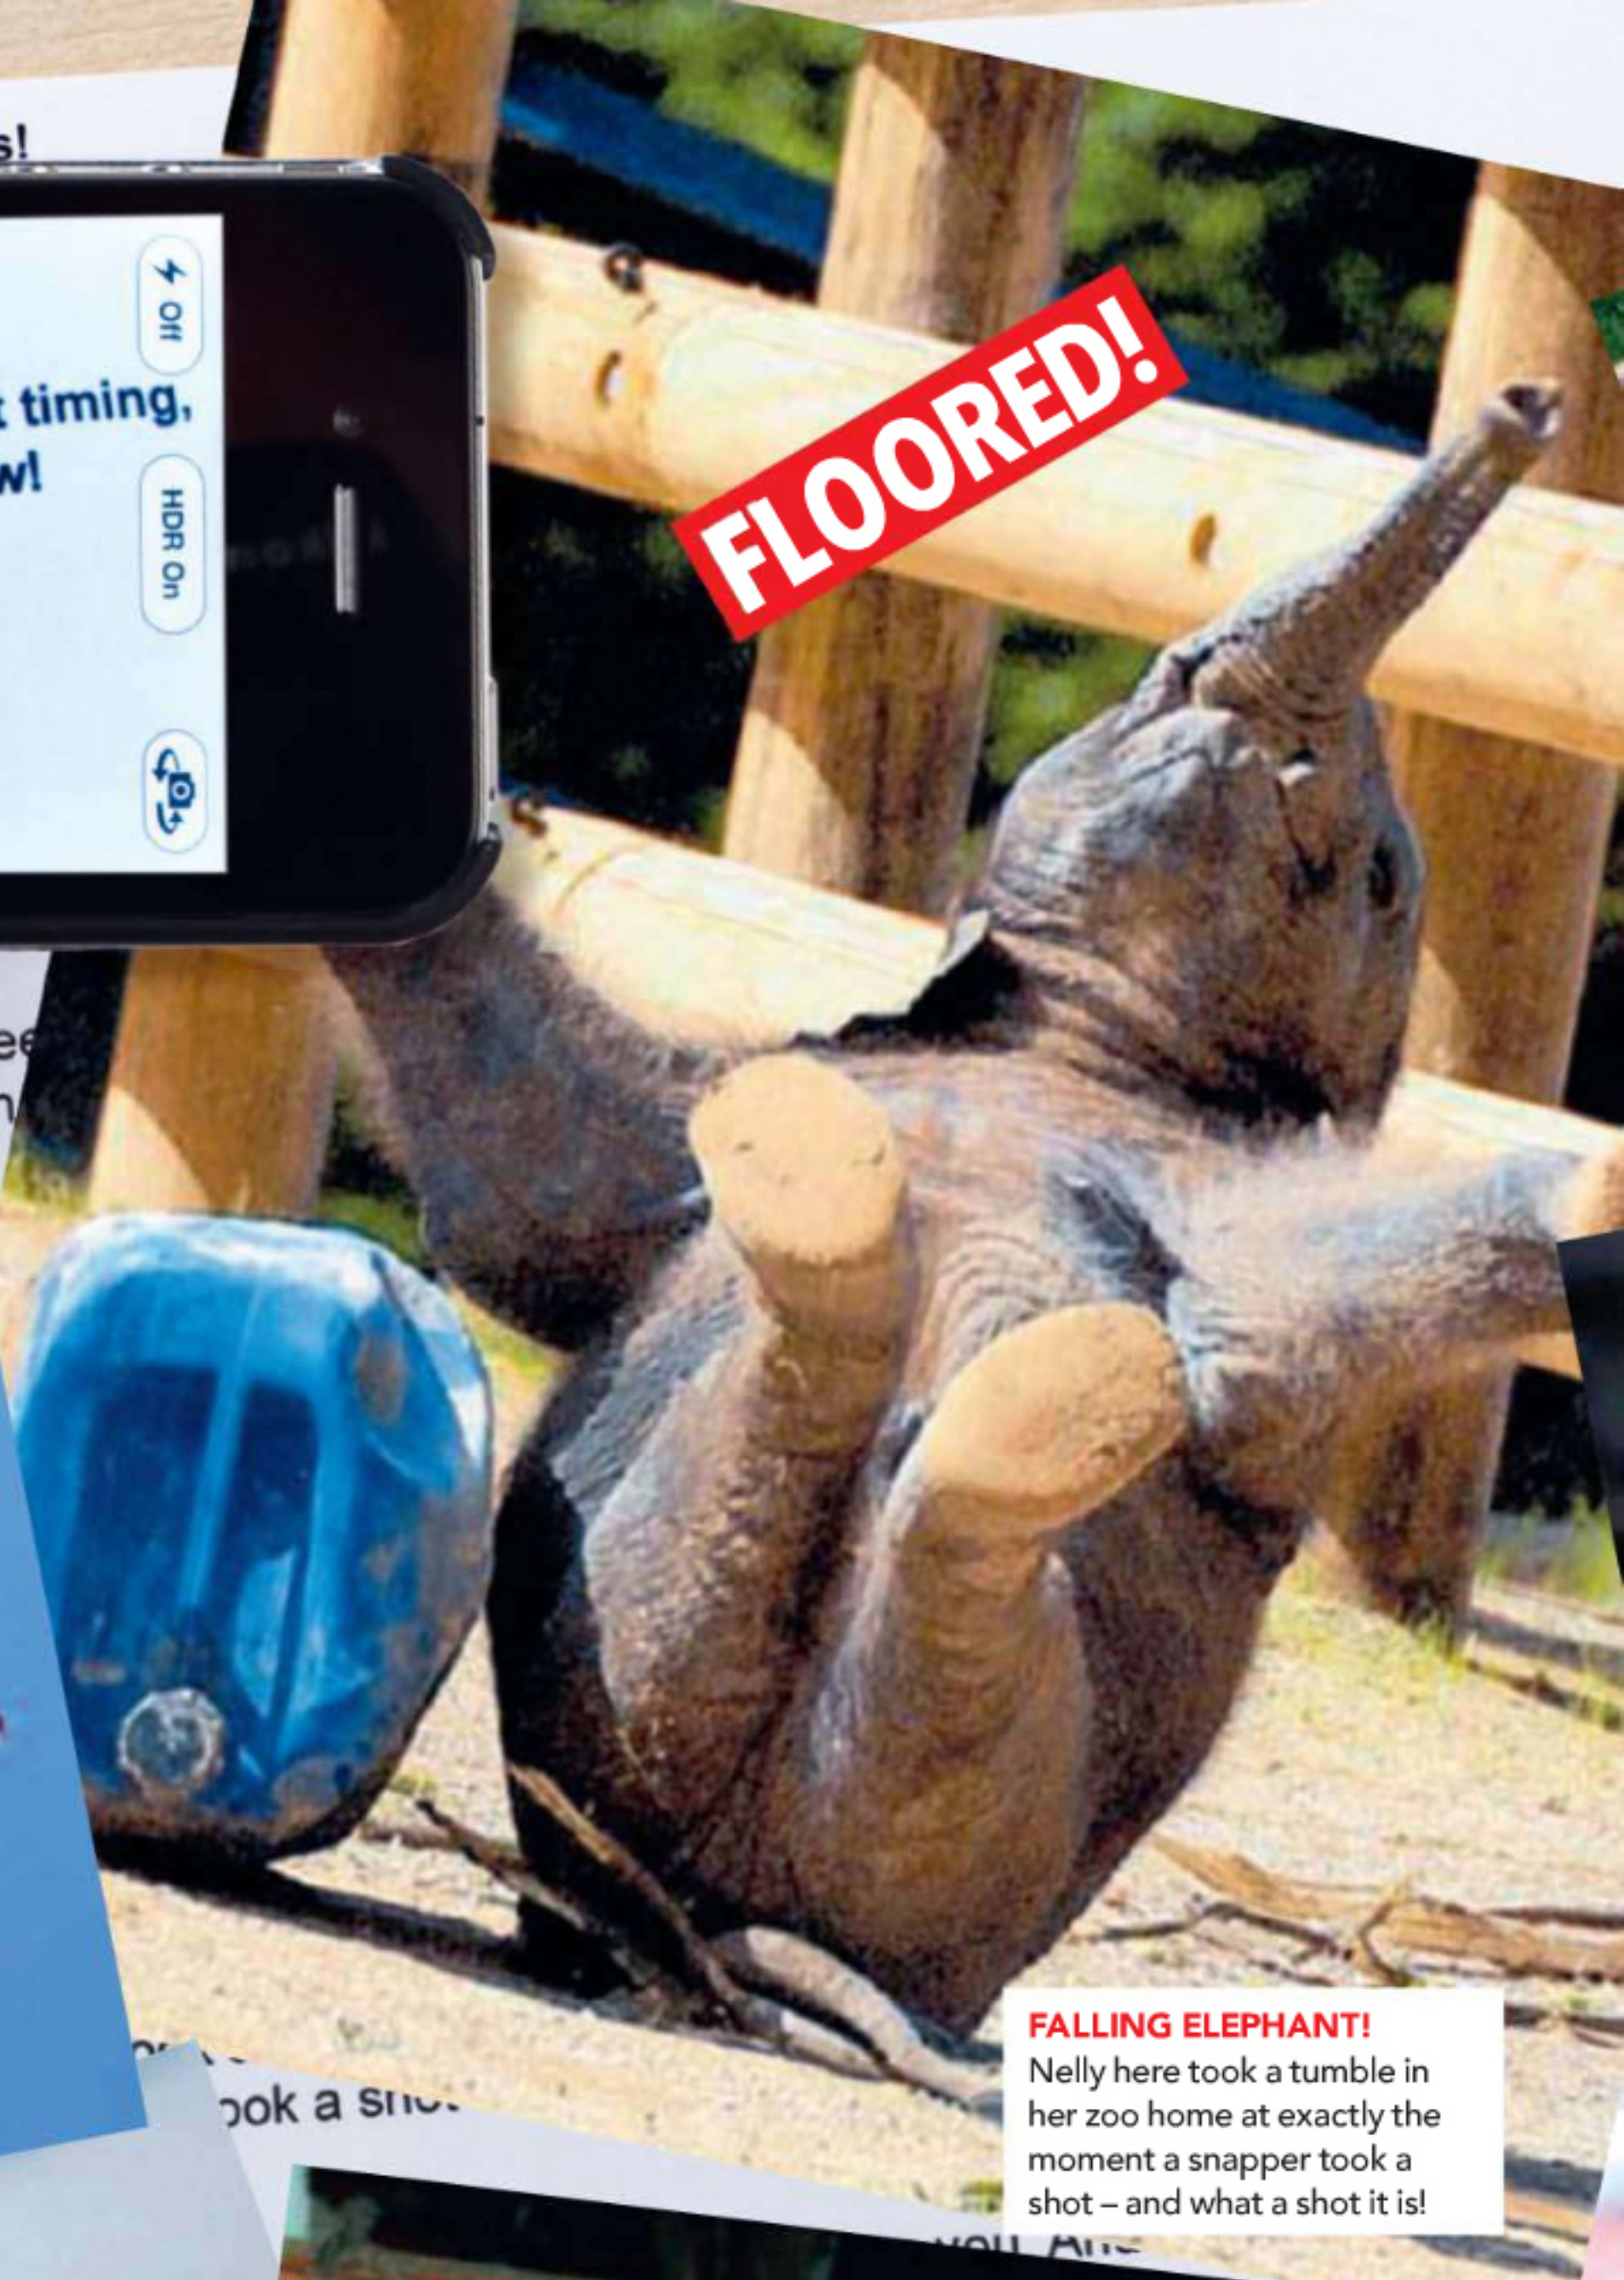

While the US gangs operating in Manila tend to keep to business, turf wars between the home-grown gangs are frequent and brutal. A recent report said that 30 major gangs have been involved in violence over territory, including Sputnik and Bahala Na, as well as Trece Hudas, the Bulabog Boys, and Wasalak.

What happened to Dagsa isn't rare. Contract killing is big business, with activists, politicians and journalists all targeted. Worldwide, only Iraq is a more dangerous place to be a reporter.

Dagsa's chilling snap allows us to stare into the face of Manila, the city where the gangs rule.

DANICA PRESENTS...

WHEN BREASTS ESCAPE!

**Bras just don't
stand a chance!**

We at *Nuts* always look on the bright side of life. So, ladies, if you spill out of your top, just laugh it off – that's what we'd do if we had boobs! And we've got Danica and pals to show you how it's done. You're welcome! ➔

**WHEN BREASTS
ESCAPE!**

Hi Danica! Have you ever popped out in public? No, I can't say that I have – apart

from today. I usually try to keep everything wrapped up!

If you saw a girl with a boob out, would you tell her? I'd keep it to myself as I'd be too embarrassed to tell her! If she didn't realise and I thought she'd embarrass herself, though, I would. We'll have to wait for it to happen and see!

What's the best thing about having big boobs? It makes you feel more womanly. I couldn't really be without them. I usually wear more covered-up things but sometimes I do feel like it's nice to be able to show them off, hide them, make them look bigger, make them look smaller... They're very versatile, my boobs!

What's your sexiest piece of clothing? I've got this dress that looks like it's made of bandages. It's quite cleavagey but then everything else is quite covered up, so you can have your bust out. It's tight and very sexy, though. I'm a believer in the old "legs or boobs" rule, never both. Except on a *Nuts* shoot!

If you could be one person for the day, who would you be? Hugh Hefner! I love the *Playboy* mansion and all the girls in there are so beautiful, I can't think of anyone cooler!

If you were a man for a day, what would you do? I love being a woman so much that I couldn't even contemplate being a man! I know you want me to say something rude here but I won't! Ha-ha!

Is there a celebrity you fancy but you shouldn't? There is but I'm not telling you! I might meet him some day... ➡

**"Big boobs

A full-page photograph of Emma Watson in a supermarket. She is wearing a red, low-cut, lace-trimmed top. She is looking down at a green asparagus spear she is holding in her hands. The background shows shelves stocked with various supermarket items, including bags of snacks and boxes of cereal.

EMMA AT THE SUPERMARKET!

WHEN BREASTS
ESCAPE!

Hi Emma! What's the longest you've gone with a boob out without knowing?

I was on one of those massive water slides in Florida and as I was going down, I felt my bikini bottoms going wrong. When I got to the bottom and stood up, they were all over one side – everything was on show! I hoisted them back over so no one could see, but I didn't notice that my boobs had also popped out!

If you saw a girl with a wardrobe malfunction she hadn't noticed, would you tell her? Yes, because if that was me, I'd just die of embarrassment. Wouldn't it be better for somebody to tell you rather than you carry on and just let everybody see?

Do girls ask to feel your boobs? Sometimes. They ask me if they're real and I'll say yeah, and they're like, "Can we have a feel?" I usually ask if I can feel other girls' boobs. **What bloke do you fancy but know you shouldn't?** James Corden. He's really funny! It's his personality. I was at the gym the other day and they had the music videos on – the Comic Relief Take That one. I like people who don't take themselves too seriously.

If you could be anyone else for the day, who would it be? I'd be you! You've got a pretty cool job and you always get to meet interesting people and talk to models all day! What could be better?

If you were in charge of Nuts for a week, what would you do? I'd put me on the cover of it, for starters! I'd have a few naked men in there, too! There are a lot of girls who read *Nuts* and you don't cater to your girl audience! ➔

"I fancy James Corden. He's really funny!"

**WHEN BREASTS
ESCAPE!**

Hi Sabine! Did you enjoy popping out on the pool table? Yes!

I was wearing dresses that were really nice. I liked it. It was refreshing and sexy.

Have you ever gone around with a boob out? Actually, I have! Things just seem to happen. My top goes down, or my nipple will come out, wanting to say hi to the world. It's not my fault!

Do you like having big boobs? I'm happy with what I've got. I love my boobies, because they're my babies! I always take care of them, rubbing oil into them...

Crikey! So how can a guy impress you in a club? Don't stare at my boobs and just be normal, like you want to be my friend. That's how it starts. You just get to know each other.

Is there anything unusual about you? Quite a lot of people say I'm funny, even though I'm not trying to be! I've also got a long tongue and I can make it move in all sorts of ways!

Jeepers! Does that come in handy in the bedroom?

Probably, yes. Of course!

If you were in charge of Nuts, what changes would you make? I'd like to have it so you could press a button on each page and hear the recording of the interview.

The big shoots should have a close-up, and you press on one booby nipple and the girl would say, "Hi, I love you!"

What kind of girl would you go for if you were a man?

Somebody with a small waist, and nice bum – and boobies.

You're just describing yourself! Maybe if I could do it with myself, I would! How weird would that be? Hmm, that would be interesting! ➡

**"I can make my
tongue move in
all sorts of ways!"**

**WHEN BREASTS
ESCAPE!**

**"If I was a man,
I'd sleep with
loads of girls!"**

India

IN THE DINER!

Hi India! Have you ever had a wardrobe malfunction? I was wearing a jumpsuit

at a regatta. It was strapless so I didn't have a bra on. One of my friends banged into me and my top came down! It was really embarrassing!

What if you saw a girl with a boob out – would you tell her?

I'd probably have a bit of a laugh and check out her boobs. But then I'd tell her. I don't think a man would – he'd just enjoy the view!

Do girls ask to feel your boobs?

Yeah. And I usually let them! I also ask in return! It happens quite a lot on *Nuts* shoots. I do think sometimes being a glamour model, we're a bit too friendly. I've got pictures of us all on nights out, ridiculously drunk, and we're in clubs, looking... let's just say it wasn't appropriate, and I can't believe we didn't get kicked out!

Who are the best blokes in a club? The ones who dance and don't try it on with you.

When's the last time you saw a bloke and thought, what an idiot? Every day! On the shoot earlier, we saw a man in a dress with a shaved head, and he was wearing a dress and tights. And he was, like, 50! It's a bit weird when we come to London – we always see really random people.

If you were a man for the day, what would you do?

I'd sleep with loads of girls!

What would you do if you had three wishes?

Give me loads of money to go shopping. I'd go on holiday... these are really shallow wishes, aren't they? Ha-ha! My third wish would be for a nice *Nuts* reader to come and sweep me off my feet! ■

United can get Champions League revenge!

So the Champions League final at Wembley on 28 May will see Man United and Barcelona square up once again, and it's going to be an absolutely fantastic game.

Both sides progressed to the showpiece final without too many problems last week – Sir Alex showing what a brave and astute manager he is by sending out what amounted to a second-string side against

**"My head says
Barca, but don't
write off Sir Alex"**

Schalke, and Barca saw off Real Madrid effectively albeit with a couple of dodgy decisions!

The last time these two teams met – the 2009 final – Barça ran out 2-0 winners, but Sir Alex's side have learned a lot about how to play European football since then, as their record of only conceding two goals in the competition so far attests to. Sir Alex will be more adventurous than his friend Jose Mourinho was when facing the Catalan side in the semis, and while he knows that Barça cannot be allowed to keep the ball for as long as they want, they also don't really like being attacked.

The expansive way Barcelona play leaves a lot of avenues that United can exploit, especially with the movement of Javier Hernandez up front and Wayne Rooney dropping off into midfield to create behind him.

The problem for United is, of course, the fact that Barcelona are basically the best side of this generation and as I've said before, probably the best club team I've ever seen. Lionel Messi is by far the most talented player on the planet, and Xavi and Andres Iniesta together with Busquets form the best midfield anywhere in the world, while Pep Guardiola is a savvy

manager who has already won a huge amount of trophies in his career at the Nou Camp.

We know that they will have the vast majority of possession, we know they will most likely score. What we don't know is whether or not they will have the spirit and the guile to come to the home of English football and see off the likely Champions as easily as they've brushed off so many teams in the last few years.

My head says Barcelona will be crowned Kings of Europe once more. But you can't write off Sir Alex Ferguson and his team – not just yet.

for Stoke!**

It's going to be fantastic to see Tony Pulis leading his side out at Wembley for the FA Cup final against Man City on Saturday, and as a former player of the club I couldn't be more proud of what's happened at the Britannia. Pulis deserves so much praise for what he's done on a budget. Establishing Stoke as a Premier League side is achievement enough, but to get to a major cup final is amazing. The game is too tough to call, but I think it will be great, with both teams desperate to win!

Liverpool vs Sp

The two lanky hit-men talk to Nuts ahead of Sunday's cracker!

Carroll: "There's a buzz about Liverpool!"

Hi Andy! What's it like to be Anfield's latest hero? Everyone knows the Liverpool fans are up there with the best in world so to have had such a good reception from them means a lot. I've been given a great opportunity and I aim to take it with both hands. Your arrival has coincided with an upturn in Liverpool's fortunes. What's changed? I just think we've clicked. We've got some great players and it was only a matter of time that things turned round. The manager added quality to the squad, too, which is great. What's Kenny Dalglish like to work for? He knows how to talk to you as a footballer because he's been at the highest level. But the way he conducts himself, you can see

that the main thing for him is getting results for the club. He demands total respect for what he's achieved as a player and a manager in the past, but also what he's doing here now. It was an honour when I heard he wanted me to come here. How does it feel being the second most-expensive player in British history? It's all a bit mad! I never thought I'd command that sort of fee! But it was out of my control. All I can do is do what I've always done – work hard and score goals. Simple, really! Any regrets at leaving Newcastle? I love Newcastle and will always be grateful for what they did for me but I'm a Liverpool player now and I'm excited about what's ahead. Look at the youngsters coming through – they're brilliant.

There's a real buzz about the place and you can see why! Your partnership with Luis Suarez looks to be a corker! We've really hit it off. It's still early days but I hope we'll be helping Liverpool win things before too long! Liverpool obviously won't win anything this season. What's left to play for? Fifth place. We've been in good form, so getting that European spot is a massive goal. Liverpool fans expect European football and we'll be giving everything we can to try to make it happen. From a personal point of view, I'd love to play in Europe. Thanks, Andy! Finally, what do you say to the cliché, "He's got a good touch for a big lad"? Ha-ha! I'm used to it. As long as I score and set up goals, I couldn't care less!

"Yawn! Sorry, big Call Of Duty sesh last night"

DALGLISH!

A large background image of Harry Redknapp, a Tottenham Hotspur manager, celebrating with his mouth open in a shout. He is wearing a white Tottenham Hotspur training top with a Puma logo and the club crest. The background is a blurred stadium crowd.

"Ha-ha! Look at that ponytail!"

Crouch: "We'll be league winners in the next few years!"

Hi Crouchy! What's it like to come up against your old mates at Liverpool?

Liverpool is a fantastic club and I really enjoyed my time at Anfield, but this game is all about three points for Spurs.

Has Spurs' recent form made fourth place unlikely? There's still loads to play for. We've shown this season how good we are when our backs are against the wall. Maybe we haven't been as clinical as we might against some of the smaller sides but at the crucial bit of the season, I still expect us to respond positively.

Man City are in pole position, though. All we can do is win the games we've got left and see where it takes us. Whatever happens, it's been a great season. The club has experienced Champions League football for the first time, we've played some great stuff at times, too. A perfect end would be to get fourth and be able to experience that great ride in Europe again.

So you still believe? Of course! No one thought we'd do it last season and, well, we saw what happened. Why not this time around?

How important is Harry Redknapp at Spurs? We believe we can beat anybody, and, of course, that comes with results but it's also down to the manager. He likes a laugh and encourages us to believe in ourselves. At the same time there's no one more knowledgeable in football, which is great for us. For him to take Tottenham into the Champions League is a great personal achievement.

Is it nice to know Spurs are many fans' favourite second team? I'd like to think we entertain people. We always go out to win – I suppose with the players we have, there isn't much choice! We're never going to be a 0-0 team!

Just how good is Gareth Bale? He's frightening sometimes. He's got the total game. He's strong, he's quick, has great technical ability and can score goals. It's just a shame he's not English!

Finally, can Spurs really win the Premier League? Yes. Look at our players, the depth of our squad. We're building something exciting here. I honestly believe we can be Premier League champions in the next few years.

Spurs special!!

A smaller inset image of Harry Redknapp in a dark blue jacket, gesturing with his arms outstretched.

A-hunting we will go!

Cabela's Dangerous Hunts 2011 – America's best bits and no fatties!

With our bunnies, squirrels and the occasional angry badger, the wildlife of Great Britain represents slim pickings when it comes to big game hunting. And tagging a slow urban fox with your Nissan Micra feels less than heroic.

Our chums across the Atlantic, however, know how to hunt. And with a country brimming with grumpy fauna tooled up with sharp teeth, stomach-shredding claws and stinking bad moods, hunting the blighters has become both immensely good fun and big business. A business bossed by outdoorsy tradesmen Cabela

(the Adidas of shootin', fishin' and stabbin') who not only produce fine animal-ending products, but also video games to allow sofa hunters the thrill of the chase without the risk of stepping in raccoon plops.

Cabela's Dangerous Hunts 2011 pits you against virtual wildlife on safaris across the US and Africa, armed with your trusty hunting rifle – the brilliant Top Shot Elite, packing an amazing infrared sight for added realism. Here, cat-like reflexes and dead-eye skills mean the difference between a stuffed animal's head adorning your wall, or well, you being utterly stuffed. Let's go hunting!

MANAGER'S CORNER!

No.7 Neil Warnock

This week, the QPR gaffer!

Hi Neil! If you hadn't become a football manager, what do you think you would have done instead? I would've been an accountant. I worked in an accountant's office and enjoyed every minute of it. I like maths! Surprising, really, I suppose.

What was your first car?

A Morris Minor, where you put the old indicator on and it flapped up on the side.

If somebody was making a film of your life, which actor would you like to play you?

It'd have to be someone good-looking, suave, sophisticated and debonair, someone similar to myself. Someone like George Clooney!

What's the nicest place you've ever visited? That would have to be the Blairmore & Strone Golf Club at Dunoon in Scotland. It's a really lovely, beautiful place.

If you had to sing a song at karaoke, what would it be?

Your Song by Elton John. I sing it a little bit better than Elton! **Have you ever been mistaken for anyone else famous?** The nose is quite characteristic,

really – I don't think anybody can double up on that. Actually, I think Ian Holloway once called me Mrs Doubtfire!

Thanks for the chat, Neil.

If you could throw a dinner party for any three people in history dead or alive, who would you pick? The Queen, I like the Queen as I've always been a royalist. I would've picked Brian Clough if he was still alive as he was my hero in football. I think Barbra Streisand, because I love her music, but other than that, no one else, really. I like my own company, you know. And my wife – she cooks a good meal.

And talking about cooking a good meal, finally, what would you serve up for this trio of dinner party guests? I've got a place down in Looe in Cornwall and the scallops and the lobsters that come in from there are unbelievable. So I'd probably do a seafood starter and then a Chateaubriand or something like that for us.

Deal Or No Deal top tips!

Deal Or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

You can win big money in the comfort of your own home!

HOW TO PLAY

- The idea is to get winning symbol combinations from spinning the reels, with the ultimate aim being to win the progressive jackpot.
- You can gamble up to 20p on each of the 20 pay lines. That's 20 chances to win on each play!
- The progressive jackpot can only be won on the *Deal Or No Deal* bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.

CONFESSION OF THE WEEK!

'She sank to her knees'

During a girly night at home, one of my flatmates admitted that her man produced a large amount of come – she said it covered everything and it really turned her on. Later, I confessed that I'd love to see it, as I'd never seen more than a dribble from my own boyfriends. A few nights later, she had him over and told me to wait by the door while she blindfolded him. She sank to her knees and pleased him, and I moved in quietly next to her, gagging for a go. I took over as his moans increased and he thrust in and out, coming just as a huge gush of warm liquid hit my mouth. I pulled away as more covered me, just like a porn star! I want the real thing all for myself next time!

Candy, Barnes

'My sister caught us at it'

My boyfriend and I went on holiday with my family recently, and we shared a big suite with my sister, so it was difficult to

get time alone. One morning, my sis got up for a shower, giving me and my man a few minutes on our own. I could already feel him getting hard against my bum so I quietly rubbed my clit, which was already throbbing

and ready for action. Gently guiding his erection between my legs, I gasped as he pushed hard against me, squeezing my nipple as he did so. He slowly pumped away, even when we heard the bathroom door open and my sister start walking around. She knew something was up when I started moaning and the bed began moving faster and faster. By now I didn't care that my breasts were exposed and jiggling about. He let out a moan and came inside me with my poor sister just staring at us both! She didn't seem in a rush to leave though!

Chrissy, by email

'We tried out the toys'

Last month, I hosted an Ann Summers party for some old school friends. We all had a few drinks and played with kinky outfits and sex toys. Personally, I was getting really turned on by the end and I could tell my best friend was, too. She and I had tried kissing and touching when we were younger and she had the same dirty look in her eye as I did. She waited until I'd shut the door on my last guest, then pushed me against the wall, kissing me full on the lips. I heard something vibrate and, grinning, she held up a pocket vibrator she'd just bought, flicking it across my T-shirt. My nipples stiffened and then she ran it up and down my body, stopping at my crotch. We spent

the rest of the night trying out all the toys in my collection!

Laura, Bristol

'I watched us in the mirror'

My mum and dad have been getting our kitchen done and the guys who came to fit it were really cute. One of them kept giving me cheeky winks, too. One day, I stormed home from college after being dumped by my boyfriend. I was feeling so miserable, I ended up blurting it all out to the cute builder. My parents were at work and his boss was out, so we had the place to ourselves. He offered to make me feel better and, feeling reckless, I decided to take him up on his offer. We started kissing, then I grabbed him and pulled him into our mirrored bathroom so he could watch as I gave him my best blowjob. We heard a car outside and had to stop our fun, but we agreed to meet up that night. Meanwhile, my ex called to try and apologise – I told him where to go!

THIS WEEK:

Name: Jeanette

Age: 20

Boobs: 34DD.

"All natural!"

Likes: "All types of men!"

Ever kissed

a girl? "Yes, for fun!"

Strangest place you've had sex?

"On a cliff!"

Sex tip:

"Be adventurous!"

Jeanette's juicy guide to Ripley

The Nuts bus stops in Derbyshire!

HELLO!

Jeanette on... her home!

"There's nothing to do in Ripley. I have to head to Derby for a night out. I've just moved in here, so I'm having a big housewarming. Wanna come?"

Jeanette on... her bed!

"I like a lie-in when I've got a hangover but I usually have to get up early for work! I'm a cuddler but I've been told I kick in my sleep so watch out!"

Jeanette on... her boobs!

"I'm a 34DD, all natural! I love my big boobs but I either cover them and get the legs out or vice versa, but never both or you look a bit of a tart! Ha-ha!"

Jeanette on... her hair!

"I'm naturally blonde but now I've come to the dark side. Brunettes have more fun! I have to dye my hair every two weeks or I'll get blonde roots!"

"Boobs out
or legs out,
but never
both!"

Jeanette on... her friends!

"I'm constantly on my phone – I'd be lost without it! I've got different friends depending on whether I'm eating, chatting up boys or getting hammered!"

Jeanette on... her eating!

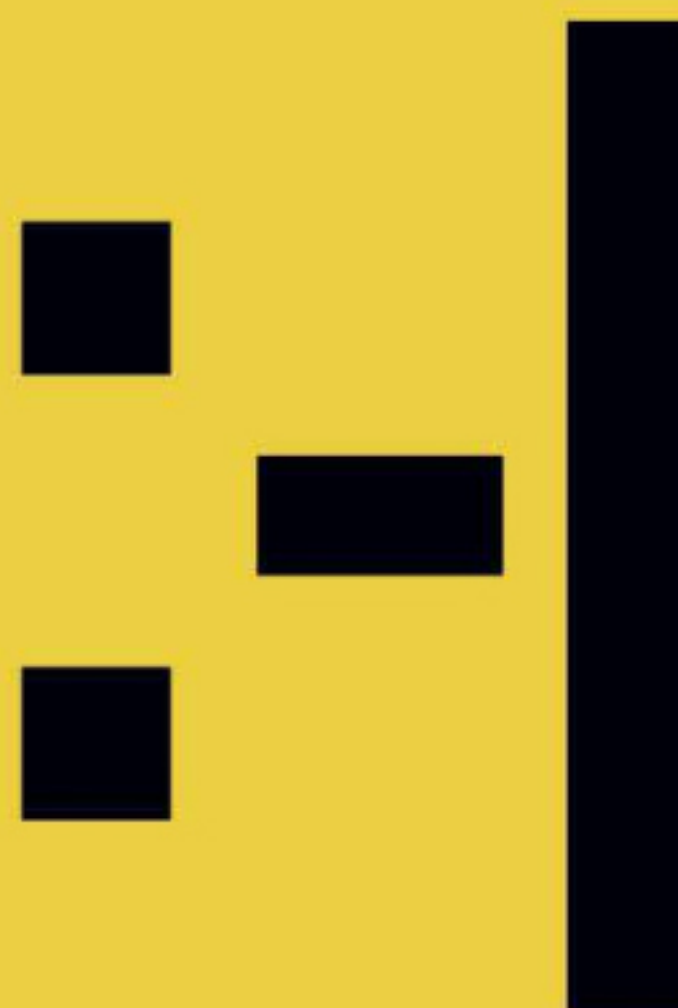

"I'll either eat loads or nothing at all, I'm a bit bad at binge eating! I love crisps, cheese and biscuits, pizza, chips and a nice big greasy kebab!"

Jeanette on... getting ready!

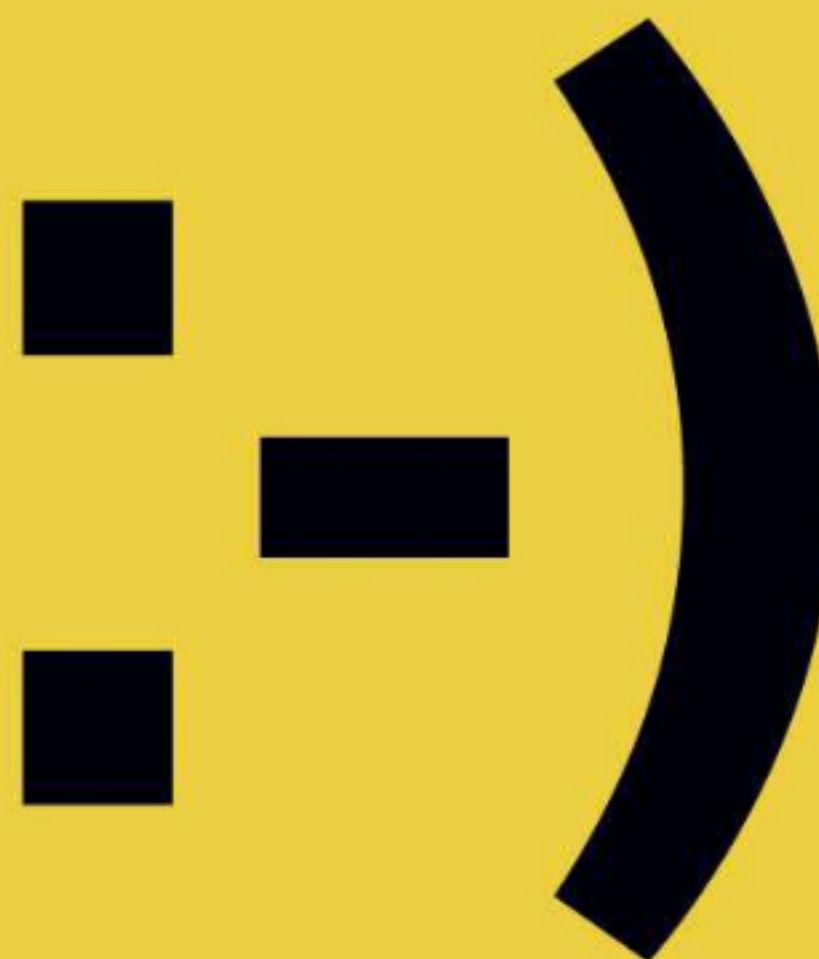

"It takes me an hour to do my hair, half an hour for make-up and another half-hour for the rest. But getting my outfit ready can take all afternoon!"

10 RUDE QUESTIONS!

And a Real Girl
to answer them...

THIS WEEK:
Charley

20, Surrey

1 Where's the strangest place you've had sex?

"That'd be in a swimming pool on holiday. It was really good – I'd do it again!"

2 What's your trademark move in the bedroom?

"My boobs are a 30H, so they're definitely good for putting something in between – they're certainly big enough!"

3 What's a guaranteed turn-on for you?

"I do like soldiers. Someone who might crash through my bedroom window in the night with a big machine gun!"

4 Is it better to give or receive?

"I really enjoy both but I'd say it's better to give – at the start, anyway. You can receive later! I'm a giver!"

5 What's the furthest you've been with a lady?

"I've kissed girls and had a bit of a grope but no more than that. I've got nothing against taking it further if it ever comes up. It all depends on the girl!"

6 What's your rude fancy-dress outfit of choice?

"A policewoman, again because I like being in control and there are weapons! I could handcuff you to the bed – maybe I should actually join the police!"

7 Have you ever made a sex tape?

"Yeah, with a boyfriend on the phone. He recorded it so it was pretty much just me! I was acting a little bit slutty but it's fine!"

8 What's the single rudest thing you've ever done?

"I once modelled at a swingers' party and I enjoyed the scenery so much, I decided to go to one. It was incredibly hot!"

9 What's your favourite position? "On top, because it means I'm in control. Men like to dominate most of the time, so it's nice to turn the tables on them. Nobody's complained yet!"

10 What sexual thing have you not done that you'd like to?

"That'd have to be a threesome with two guys. Maybe a couple of soldiers! It'd make a change to be told what to do!"

BRINK

PC, PS3, XBOX 360

New first-person shooter franchise with more than enough that's bright and different about it to be compelling.

The cartoony look is fresh and

clean, you can bomb about over almost any surface with ease and the set-up – different factions duking it out on future megalopolis The Ark – is interesting and convincing. Class-based multiplayer's great too. Definitely worth a punt. ★★★★★

OUTLAND

2D platformer and shooter. There's a light/dark dynamic as you vary powers for attack advantage and scenery reveals. A gorgeous-looking package that's a hoot to play. ★★★★★

ATTACK THE BLOCK CERT 15

When "big alien wolf motherf**kers" invade a London housing estate, a gang of kids get strapped with super soakers and fireworks to teach the extra-terrestrial menace a lesson. It gets proper gnarly as the body

count rises. The producers of *Shaun Of The Dead* and *Hot Fuzz* (Nick Frost appears too) bring the laughs as the youth spout "bare" one-liners – "Sh*t man! I wish I was at home playing *Fifa*!" It's pukka! Ya get us, blud? ★★★★★
